With Sally

We have always wanted to be a corpse at a funeral and have people tiptoe softly past our coffin. Corpses get so much attention when they are dead. Deep, soft rugs, like they sell at Metropolitan Appliance company; cars that ride as smoothly as the new Willys at Venturino and Grolimund; whispers as quiet as the soft slithering of the razors over your chin at Acton Barber Shop.

John says we are morbid, and if he were a corpse he'd want a good stiff drink of whiskey from Gelsi's Place. Then we tell him we think he'd look lovely in white satin—white as the fresh linens at Family Dry Goods—and then just like a man, he says he's changed his mind he'd like that drink right now and for us to shut up.

Which of course we do because in spite of his receding chin he looks so stern when we talk about corpses that if you poured a little gasoline on him—especially good gasoline like that sold by Stan's Standard Station—he'd explode.

Privately we don't change our mind... in fact the only time we feel doubtful at all is when we are eating. Eating is so nice—mealy baked Idaho gem potatoes from Milo's Market, all dripping with yellow butter from Robertson's Egg Store; a juicy, thick steak from Farmers Market, with fresh red radishes from Westlake Market—a piece of hot mince pie from Geneva Bakery.

Privately we've always been worried that St. Peter isn't a very good cook, he has to run and answer the door so much.

Of course there's one other thing that bothers us too, we can't play a harp nor carry a tune. Corpses should always be musical. We listen to our new Zenith radio from Byrne's every night and we always go to the

D. C. Cut Rate Mkt. Gives "S & H" Stamps

An added service to customers was announced this week by the Daly City Cut Rate Market. Starting today (Friday), the market will give the famous "S&H" Green Stamps with each cash and carry purchase.

One of the oldest companies in the business, S&H have for many years given valuable premiums to women shoppers. The premiums offered for filled stamp books are all nationally-advertised products backed by responsible manufacturers.

The market is maintaining its free delivery service, but the stamps are given only for store purchases.

Dog Owners Preferred

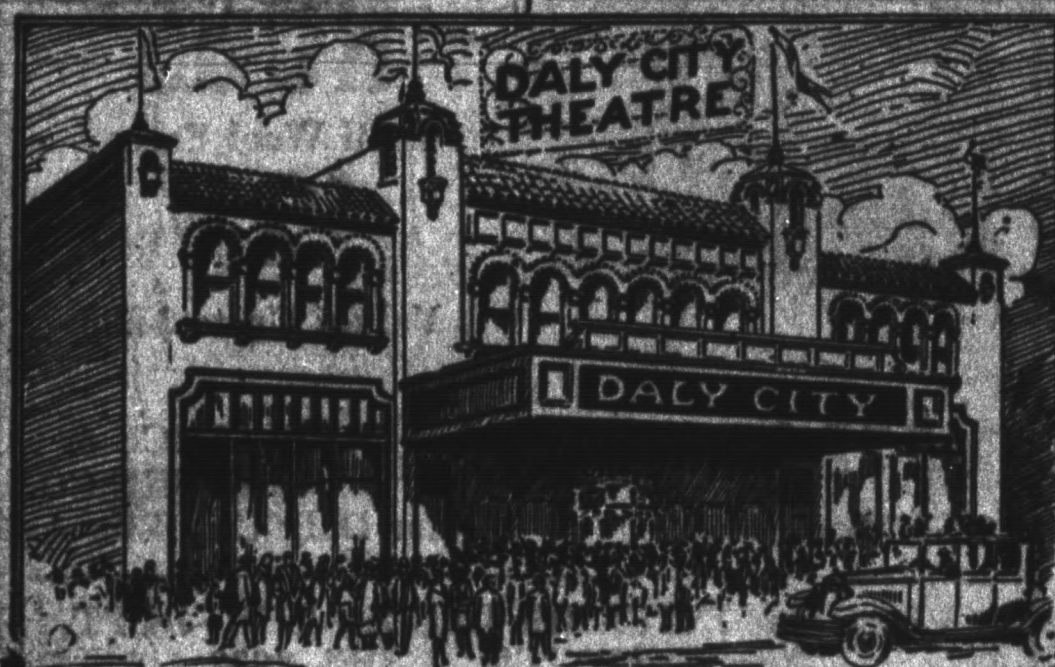

Instead of working feverishly to obtain a larger share of the present market for canned dog food, one meat packer is directing its promotion toward expansion of the whole field. It hopes to induce the public to buy more pets, knowing full well that it will obtain at least its share of the increased demand.

Daly City theatre every week, but it's just no use. We sound like a pair of brakes when you forget to have them lubricated at Carr's Service Station.

John always has trouble with his liver after he goes to a funeral, and he is sure he is going to die, too. So he rushes around very fast with a glass of soda from Daly City Cut Rate Market stirred up in a glass of sherry from Dave's Market and he says he doesn't know why he hasn't seen a doctor long before.

And seeing John so upset about his liver, we can't help feeling a little envious of that corpse who doesn't have to remember to send his pants to Beeson Cleaners any more nor his car to Mather Brothers nor his children to Dale A. Hovey for those cute baby pictures, nor his wife to Bosco's for a pair of new shoes.

That corpse can just relax. He can forget his troubles and recover his disposition. He has nothing to worry about—except maybe minor things like trying to teach St. Peter how to cook. But with Swan's Down Cake Flour from Lucca Ravioli company, even that should be easy.

Patriotic Dishes

Do you feature one or more patriotic dishes on the various national holidays? If not, you are missing many an opportunity to surprise and delight family or guests.

The flag lends itself as a decoration for desserts — the edible flag being the most appreciated. Cookies may be star-shaped, with tiny red candles on each point of the star. Red, white and blue decorations are always attractive.

Here is a recipe for a dessert that will be found very satisfactory for any patriotic holiday meal. No cake, no baking, no boiling. Very economical and very attractive.

Pumpkin Rennet-Custard

1 package lemon or vanilla rennet powder
1 pint milk (ordinary or homo-genized)

1/2 cup canned pumpkin
1/2 teaspoon ginger
1 tablespoon brown sugar
1/2 teaspoon cinnamon

Cream cheese and red jelly for topping

Set out 5 or 6 individual dessert dishes. To milk, add pumpkin, sugar and spices. Warm slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM, (100° F.) not hot, remove at once from stove. Stir contents of package into milk, briskly until dissolved — not over one minute. Pour at once, while still liquid, into individual dessert dishes. Do not move until firm — about 10 minutes. Chill in refrigerator. When ready to serve, top with cream cheese, which has been thoroughly chilled and cut into narrow strips, and with red jelly to form a flag.

Here is the lowest-priced full-sized automobile in America, the new American coupe of Willys-Overland. It may be seen at the showrooms of Venturino and Grolimund here. It is said to average thirty-five miles per gallon of gas and to have exceptional motor smoothness.

Popular Pot Pie

By Frances Lee Barton

POT pies are always welcomed. Chicken pot pies are the most popular of all. Follow the directions given below and you will prepare a pot pie that will please every man, woman or child who partakes of this baked delicacy.

This recipe has been tested and re-tested until it is as nearly perfect as any recipe can be. Anyway, I think it is. Try it yourself and see if you agree.

Chicken Pot Pie
2 1/2 tablespoons quick-cooking tapioca; 1/4 teaspoon salt; dash of pepper; dash of paprika; 2 cups sliced cooked chicken; 1 1/2 cups milk or chicken stock; 2 tablespoons melted butter; 6 to 8 unbaked baking powder biscuits, rolled 1/4 inch thick.

Combine tapioca, salt, pepper, paprika, chicken, milk or stock, and butter, and mix thoroughly. Turn into greased casserole and bake in hot oven (425° F.) 5 minutes. Then stir well and bake 5 minutes longer. Stir again, place biscuits on top of chicken mixture, and continue baking 15 to 20 minutes, or until biscuits are browned. Serves 4.

STUDDER CLOG of modern suit is worn with sports clothes by Ethel Everett, Columbia network star. Many other short-skirted slacks are being used by Delmen this year in their shoe models. Notice the square toe and the banded vamp with gilt studs which are repeated around the sole and heel.

Variations on a Theme
Eight American cities in the 110,000 population class spent sums ranging from \$20.69 to \$30.37 per capita on operating costs in 1938, reports the National Consumers Tax commission. Units of the N. C. T. C. engaged in measuring their own cities' expenditures have found similar cost variations between municipalities in virtually every classification, the report said.

America's Choice: Pie and Coffee!

ALL-AMERICAN as a gridiron is that Public Favorite Number One: Apple Pie and Coffee. Surveys prove men order it in restaurants more than any other meal-order; indicate it's their favorite dessert at home. Learn to make good coffee; learn to make good apple pie, and you've gone a long way toward getting and holding the man in your life! Here's how:

To Make Good Coffee:

Keep the coffee maker clean. A scrupulously clean coffee pot is essential to making good coffee.

Use fresh coffee and freshly boiled water. Measure both coffee and water accurately. Use 1 heaping tablespoon of coffee for each measuring cup of water.

Coffee should be in contact with the water a definite length of time, depending on the type and capacity of the coffee maker.

Coffee should be served as soon

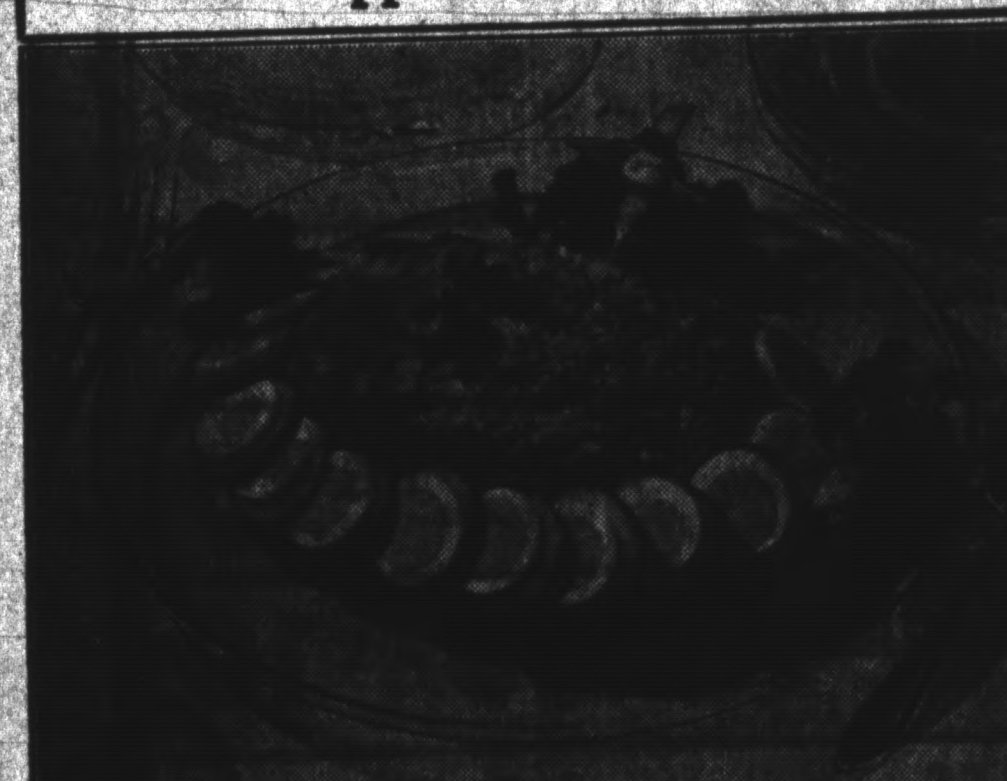

as possible after making. Never serve reheated coffee.

For Good Apple Pie:

Pastry 1 cup sugar 1/2 teaspoon cinnamon 1 tablespoon lard 2 tablespoons butter 1/2 teaspoon nutmeg

Line 9-inch pie pan with pastry. Combine sugar, flour, nutmeg and cinnamon. Pare apples and remove cores; cut in sixths. Arrange half of apple slices in pan; add one half of the sugar and spice mixture. Add remaining apple slices and sugar. Dot the top with butter. Moisten lower edge of crust with water. Place top crust over apples; press edges together with a fork; trim. Press whole cloves into the top of pastry to form the shape of a coffee cup. Bake in a moderately hot oven (375° F.) 40 to 45 minutes, or until apples are tender. Makes 6 servings.

Pineapple Curry Dressing Adds Special Palate Appeal to Salmon Salad

By BETTY BARCLAY

Here's a new version of that ever-popular dish — salmon salad — which is sure to win friends and influence appetites. It makes its appearance just in time to add variety to menus during the many meatless days that come during the Lenten season.

Chill the salmon thoroughly in the can before opening. Then drain well and flake. Combine with a little chopped green pepper and sliced celery. Add a dash of lemon juice, and blend with pineapple juice. Cook cornstarch and pineapple juice, which have been mixed to a smooth paste, until thick and creamy, then add curry which has been mixed with the cold water. Beat thoroughly. Cool. It should be the consistency of a cooked salad dressing. If too thick, add a little pineapple juice. Vary quantity of curry according to taste, but never let the curry flavor predominate the pineapple.

To serve with salmon, tuna, or egg salads, mix pineapple curry dressing with an equal amount of mayonnaise and blend with salad ingredients. This dressing will keep for several days in a covered container in the refrigerator.

It should be the consistency of a cooked salad dressing. If too thick, add a little pineapple juice. Glass in Modernizing
The Federal Housing administration reports that one out of every three modernization loans made by that agency is spent, either all or in part, for glass. Modernization with glass ranges all the way from repairing broken windows to "encasing" of commercial buildings with structural glass facades.

Brain Surgery Pictures

Japan's first medical sound moving picture was released recently in Tokyo. The film, which shows a delicate piece of surgery on the brain of an epileptic, is the work of Dr. Makoto Saito of Nagoya medical university. The picture was planned and directed by Dr. Saito, who has 30 years of clinical medical films to his credit, and the operation was performed by him. High spot is the removal of an affected area of the brain about as big as a man's thumb, from the head of a 23-year-old male patient. The man recovered rapidly. Music is played on the sound track so that the actual scenes of the operation, which are gruesome, may not have a bad effect on the audience.

Profits in Modernization

More than 1,000 grocery store owners, members of the Independent Grocers alliance, recently studied a survey on increased profits resulting from storefront modernization with structural glass. It was revealed that average profits increased 30 per cent the first year after modernization and that the average gross receipts rose from \$21,080 to \$28,632.

Where Frolics Go

Department, dry goods and general merchandise stores throughout the country receive about \$2,000,000 complaints a year, which cost merchants on the average one dollar each in operating expense and markdowns, according to William J. Filat, professor of retailing at the University of Pittsburgh.

Diversified Ownership

One of the largest American oil producing companies supplies 21,000 retail outlets, yet it owns and operates but six of these filling stations. Artell J. Byles, president of the American Petroleum Institute, reports.

Figs a Fled Piper

Annual damage to business and property of \$1,001,527,000 can be blamed on at least 10,000 different kinds of insects and crawling things inhabiting the United States, the department of agriculture estimates. The rat population alone, which is double the human population, accounts for \$500,000,000 of this yearly toll.

Time for Religion

It isn't all work in the daytime and playing at night in Manhattan, for the New York Bible society announces that it printed and distributed 993,652 Bibles or sections of the Bible here last year.

Wealth From Waste

Wealth out of waste is being made by the village of Raholt, England. By turning wool grease into soap the village is giving employment to many persons and adding to its revenues. More than 70 mills discharge into the sewage waste matter which enters the sewage works at Raholt. Ten tons of soap powder are turned out of the plant at frequent intervals. The plant was constructed to exploit new commodities found in the recovered wool fat as a result of research at the Raholt laboratory. In addition by-products useful in the manufacture of paint are sold. Large sums have been collected in taxes from these operations.

Salamanders Unlike Men

Salamanders cannot live in extreme heat. They can survive air temperatures somewhat more than 70 degrees, but their surroundings must be moist, as they cannot stand dry heat.

First Bids Saddle

Side-saddles for women were first used in England by Queen Anne in 1385.

Catholic Ladies Aid Sponsor Whist, Mar. 5

Given for the benefit of the confirmation class of St. Michael's church, the whist will be held in the parish hall, 32 Broad street. Mrs. Charles Blume is chairman.

Cash first prize, a door prize and many other valuable awards will be offered. Playing will begin at 2 p. m.

Chinese Secret Societies

Police raids on two big meetings in a Canton, China, cemetery resulted in the arrest of nearly 100 Chinese who were suspected of being members of illegal secret societies. The societies held their meetings in the grave of one of their slain members.
